

Concrete & steel nailer GT/C45

 TOOLS

NEW!

Unique
45mm pins &
M6 threaded
pins

**Light &
powerful**
Li-Ion battery

**Easy
cleaning**
Removable
magazine

SYMPAFIX
serious fixings

BENEFITS

- **Compact and powerful** nail gun
- Suitable for concrete and steel pins lengths **15mm - 45mm**
- Supplied with **2 Li-Ion batteries, quick charger and carry case**
- Fully charged battery lasts **7200 shots**
- Battery has **LED level indication**
- **Depth adjustment** for optimal drive of pins
- **Removable magazine** for quick jam clearance
- In combination with Sympafix fuel cells usable from - **10°C**
- Processes pins with **M6 thread**
- **Robust battery charger**
- Improved motor design for **less malfunction**
- **Better performance** in hard concrete because of **improved piston**
- The **special construction** of the tool makes its **maintenance easy**

ASSORTMENT OVERVIEW

70340

70280

70278

Type	Art. Nr.	 QTY	 QTY	
GT/C45 NAILER	70340	1		
W100/C45 LI-ION BATTERY	70280	1		
W100/C45 CHARGER BASE	70278	1		

APPLICATIONS

- Metal stud to concrete
- Metal stud to steel
- Wood (<30mm) to concrete
- Wood (<35mm) to steel
- M6 threaded pins to steel and concrete

TOOL SPECIFICATIONS

- ① Depth aduster
- ② Improved dust filter
- ③ Improved engine for longer life
- ④ Removable magazine
- ⑤ Metal magazine
- ⑥ Soft grip
- ⑦ Li-Ion battery with LED level indication

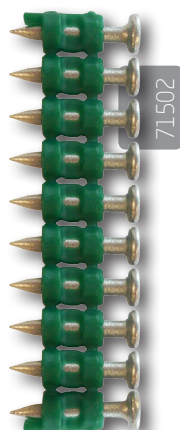

Framing nailer	GT/C45
Dimensions (LxBxH):	435 x 120 x 380 mm
Nail type:	15 - 45mm C45 pins and M6/C45 pins
Weight:	3,99kg
Limit of use:	500 shots / hour
Number of shots per second:	2
Battery:	2,0 Ah Li-Ion with level indication
Charging time battery:	60 minutes
Number of shots per fully charged battery:	7.200
Number of shots per full gascan:	1.100

ASSORTMENT OVERVIEW NAILS

High performance gas, without special storage and transport requirements

2,6mm diameter nails with ballistic point for most applications

3,0mm diameter special hardened nails for hard concrete

M6 threaded pins

C45 pins and gas
